

Features

- 1.Uncoiler and straightener two in one style improves factory usabel space.
- 2.Straighening adopts the balance adjusting equipment and suitable for processing higher prec
3. Roller adopts the soild bearing steel and hard chrome plating treatment .

Technical parameters

Model	GO-150	GO-200	GO-300	GO-400	GO-500
Max width	150mm	200mm	300mm	400mm	500mm
Thickness	0.4-2.5mm				
Max weight	500kg	800kg	1000kg	1500kg	2000kg
Inner diameter	450-530mm				
Outer diameter	1200mm				
Expansion style	Manual				
Uncoiler motor	1/2(HP)	1(HP)	2(HP)	2(HP)	3(HP)

Straightening capacity

Model Thickness	GO-15	GO-200	GO-300	GO-400	GO-500
1.5mm(thickness)	150	200	300	400	500
2.0mm(thickness)	150	200	300	400	400
2.5mm(thickness)	120	160	240	320	250
